### Mizuno Mami

## Yukina's Human Observation Diary

### Story Up Until Now

☆Yukina is in the middle of great activities as a secret phone novelist. What troubles Yukina is that she doesn't have experience when it comes to love. For her reader's sake, she must somehow get some personal experience with love situations. Yukina knows what's behind Shigure's face after picking up his student notebook, so she used that material to threaten him "Please fall in love with me!" Yukina used the threat to get Shigure to hold hands with her and embrace her, but with Akira's confession and Mami's appearance, the relationship between the two of them is shaky.

☆Mami proposed the game "If you don't talk to Shigure for one week I'll tell you Shigure's secret" to Yukina. Yukina accepted it for the sake of her novel and had a hard time not talking to Shigure. On top of that, Shigure suspected that she was avoiding him, so he seized the opportunity and had some quick intimacy with her by saying "Let me hear your voice."

Yukina uses blackmail to make Shigure hold hands with her and embrace her, but with Akira's confession and Memi's appearance, the relationship between the two is shaky.

Yukina, who lost Memi's game, listened to Memi's instructions. They went to the amusement park, but Memi forced Shigure to ride on the same carriage on the Ferris wheel. In the next carriage, Memi ordered Yukina to say "I love you" to Akira, and Yukina complied thinking it was "practice for her novel". She said "I love you" to Akira, then he hugged her-?!
